### Upcoming Summer Programs

Summer isn't as far off as you think! If you're interested in doing something different this year – like exploring Israel and the Middle East while earning academic credit from Israel's leading university – check out our courses. We offer exciting options in Israel and Middle East Studies, Language Studies, Religious Studies, Social and Political Sciences, Business and Legal Studies, Education, and STEM subjects.

### Arabic Immersion Program

Starting this summer, our Arabic Immersion Program will have a pre-semester intensive course for beginners. This four-week course will offer 80-100 hours of Modern Standard Arabic (MSA) and include cultural activities, excursions, and a homestay weekend. If you don't have a background in Arabic, you can take it during the summer or winter, and start the fall or spring semester at the intermediate level!

At HebrewU, you can take part in field trips, learn new languages, attend seminars, discover the country through social and academic activities, and meet other fascinating people from around the world! Apply by May 15.
