## INNOVATIVE PROGRAMS, IMMERSIVE EXPERIENCE

You'll have daily opportunities to build your language skills in real-life settings. Arabic is one of Israel's two official languages, and more than 35% of the population are native speakers.

### SUMMER IMMERSION

#### *Undergraduate and Graduate*

Select a six-week course at the elementary, intermediate, or advanced level in Colloquial and Modern Standard Arabic (MSA). You'll study in and out of the classroom – including coffee hours with native speakers, cultural events, and tours to religious and cultural sites.

### SEMESTER OR YEAR IMMERSION

#### *Undergraduate and Graduate*

Quickly improve your Colloquial Arabic and MSA in our semester- or year-long Arabic Immersion Program for elementary, intermediate, or advanced learners. You'll read and listen to local media, converse with native speakers, and combine language and culture courses with special activities and field trips.

### LITERARY ARABIC

#### *Graduate*

Learn Literary Arabic (elementary, intermediate, or advanced), the language of Arabic-speaking countries as well as the Islamic religion, the Oral Tradition, law, and mysticism. You'll develop skills that are increasingly in demand – particularly in politics, media, and economics. Combine language study with graduate-level courses.
