Faculty-Led & Customized Programs
BRING IDEAS TO LIFE THROUGH A PARTNERSHIP WITH THE HEBREW UNIVERSITY OF JERUSALEM

RENOWNED FACULTY

LOGISTICAL SUPPORT

MODERN INFRASTRUCTURE

overseas.huji.ac.il
Possibilities
Explore the context of the “Start-Up Nation” through lectures, and learn practical models for innovation in the future of disruptive technology and networks – all right here in Jerusalem, the capital of the “Start-Up Nation.”

Students investigate the technological, legal, and institutional challenges policy makers and experts face in resolving water conflicts. They also travel to state-of-the-art Israeli water treatment facilities.

Transboundary Water Cooperation
Students investigate the technological, legal, and institutional challenges policy makers and experts face in resolving water conflicts. They also travel to state-of-the-art Israeli water treatment facilities.

Areas of Study
Whatever your interests and needs, we can support you. Some of our strongest areas include:
- Israel and Middle East Studies
- Language Studies
- Religious Studies
- Social and Political Sciences
- Fine and Performing Arts
- Business and Legal Studies
- STEM

Why Faculty-Led & Customized Programs
At Hebrew University’s Rothberg International School (RIS), you can create special programs tailored to your needs. Our flexible approach, exceptional academic support, and strong infrastructure will help you build the perfect program.
- Wide selection of internationally respected instructors and guest lecturers
- Smart classrooms, modern lecture halls, a beautiful campus, and high-quality housing
- Comprehensive logistical planning, including guided academic site visits and extracurricular tours

Civil Society Promoting Coexistence in Israel
Students investigate the complexities of coexistence in Israel through intensive workshops. They get insight into nonprofit organizations operating in the region, and experience protecting and advancing the civil and social rights of diverse populations.

InnovNation
Students explore the future of disruptive technology and learn practical models for innovation in the context of the “Start-Up Nation” through lectures, meetings, and site visits with Israel’s top start-ups and entrepreneurs.

Featured Programs

Transboundary Water Cooperation
Students investigate the technological, legal, and institutional challenges policy makers and experts face in resolving water conflicts. They also travel to state-of-the-art Israeli water treatment facilities.

Personalized Support to Keep You Stress-Free
We’re here to help with anything you and your students need – from coordinating transportation and guided tours to arranging networking opportunities. We also provide health insurance and 24/7 emergency support.

Housing
Your students will live in on-campus housing – giving them an opportunity to form new friendships and get involved in the wider community. Our support staff includes a designated Israeli student (or madrich) who lives in the dormitories and can assist your students, lightening the burden on you.

Faculty, Resources, & Facilities
At the highest-ranked university in Israel, your students can learn from a diverse and accomplished faculty who produce world-leading research in their fields – including emeritus and senior faculty members, adjuncts, and postdoctoral fellows. You’ll enjoy our world-class resources, from advanced laboratories and special library collections to smart classrooms and comfortable office spaces. Meet our faculty:

Hebrew University Research
3,600 projects currently in progress
1,500 new projects each year
100 research centers

Our Academic Partners
We collaborate with top institutions of higher learning, including:
- American University
- Michigan State University
- MIT
- University of Chicago
- University of Pennsylvania
- University of Toronto

Explore the Possibilities

Enjoy Life in Jerusalem
We offer an educational experience that is wide-ranging, challenging, and rewarding. You’ll be given extensive support, including modern facilities, administrative assistance, and help with logistics such as housing, health insurance, and planning tours. We’ll also help you connect to local businesses and nonprofits in Jerusalem and throughout Israel. The possibilities are endless in a city that’s home to high-tech innovation and a rich cultural history.

I am now delivering, in partnership with HebrewU, the seventh installment of a highly successful summer program. The academic collaboration has been superb. RIS is experienced, caring, and effective at supporting overseas students in all aspects of their life.*

Dr. Bryan Schwartz, Asper Professor of International Business and Trade Law, University of Manitoba Law School.

Your Second Classroom
We’re located in one of the world’s most historic, exciting, and diverse cities – a perfect place for your students to learn. Jerusalem is home to festivals, unique shops, cultural venues, a vibrant nightlife, and a variety of restaurants with options for everyone. Learn more about life at HebrewU:
