INTERDISCIPLINARY APPROACH
REAL-LIFE EXPERIENCE
WORLD-RENOWNED EXPERTS
Immersive, Integrated Programs

Study with leading experts and live in one of the Middle East’s most important and dynamic cities. At Hebrew University’s Rothberg International School, we combine theory with real-life experience, giving you a uniquely comprehensive perspective on Israel and the Middle East.

- Interdisciplinary approach combining fields such as religious studies, history, political systems, anthropology, and language
- Site visits designed to immerse you in the culture of the region
- Highly professional and experienced teaching faculty

In and out of the classroom, HebrewU programs give you a truly immersive experience. Our students meet with community leaders, engage with policymakers, and interact with political activists and NGOs.

Everything is relevant to what I’m studying. I’m not just learning in the classroom, but also in the city. Every day is a chance to learn.”
Robbie Ellenhorn (2015)
