Greetings and Salutations!

I'm Evan and I'll be your Madrich (and Rakaz) for Student Life at the Mechina this year. So cool!
But wait, what does that mean??

It means that throughout the year we will be having awesome events together, going on sweet trips, and hanging out around the Mechina as well.

In addition to the fun stuff, I'm also here to help you get acclimated to Jerusalem and Israel. Whether it be help with your bus pass, getting around Jerusalem, recommendation for a place to go on a date (nice!) or just a night out with your friends, I'm your guy.

I'm also here for more serious things as well, whether it is a stressful period and you need someone to talk to or if G-d forbid you're sick and need medical care you can always call and we'll figure it out together.

"Wait, who are you?" - Valid question!

I grew up in South Florida and Chicago and made Aliyah 6 years ago with Garin Tzabar, lived in Kibbutz Degania, and served in Golani. I did the Mechina here at Rothberg in 2014-2015, I was then a gap year counselor for BBYO, a Shaliach in Australia and in between have visited about a dozen or so countries.

I am about to start my third year studying Political Science and Education here at Hebrew U (also here for questions about what to study and do next year in general, but there's time for that).

Anyways I'm usually around the Mechina (My office is 402), but if I'm not, my phone number is 052-347-4446.

See you soon!

Evan Gewirtz
