March 20, 2020

Dear Students,

On Wednesday evening, March 18th 2020, the Israeli Population and Immigration Authority issued a directive prohibiting the entry of foreign citizens to the State of Israel, even if they have proven the ability to stay in quarantine. Students in possession of a visa or in the process of having a visa issued cannot enter Israel until further notice. The implications of this are clear: new students or those currently in a program and who are not in Israel cannot enter the country. Therefore, students who are currently in Israel and planning a trip outside of Israel are advised to reconsider their travel plans if they plan to return to Israel for the remainder of the semester.
